## SHOWERS AND A COUCH

Years ago I joined 2 groups “ [info@warmshowers.org](mailto:info@warmshowers.org) & [couchsurfing.com](http://couchsurfing.com)”.

Warm showers is basically for bicyclist’s touring your country and wanting a place to stay overnight (or for several days). You can invite them into your home or give them a spot of grass/ground to pitch their tent. You definitely should offer them a ‘WARM SHOWER”.

Couchsurfing is mainly for people that are driving around the countryside and hope to stay with someone and save the cost of a hotel/motel.

Being on the “edge of nowhere” I didn’t expect much response and a number of times that I’ve been contacted I made very sure that they looked up exactly where I was, most contacts declined.

But let me tell you about last December. There was a request from a father and son from France who were traveling the west and wanted to go to “Death Valley”, could I put them up. I said yes but there was only 1 bed and a couch. We exchanged phone numbers and my address, and the son insisted that he would cook dinner and would bring all the ingredients. They arrived, and the son Phil immediately started dinner (I kept quiet about being a staunch carnivore). The meal was delightful, and we spent hours at the table talking about everything from “soup to Trump”. They left the next morning and later got a thank you for their visit.

### DID YOU KNOW

The Nye County Sheriff’s Auxiliary provides a “vacation watch service” for those who will be away from their homes Amargosa Valley and Beatty. If you are interested, please call NCSO Dispatch “@ 775-751-7000” (option 5)

The next day there was a notice from “warm showers” that Brad would like to stay for the night, of course the answer was yes. He did stay overnight and left for “Tecopa Hot Springs” the next morning. That afternoon was another request from “couchsurfing”, a young lady staying at Tecopa wanted to know if she could stay a few nights, again the answer was yes. Natalia was about 35 and from Belarus (think between Russia and Poland). She was just delightful and ended up staying for 2 months. We just seemed to mesh she did her thing I did mine. I was gone a lot of the time for meetings and such and she made herself at home. She was also a vegetarian and bought and cooked/made her own means. I kept hoping we’d have a vegetarian meal at the senior center so that she would come.

Natalia was an English teacher and has lived in the US for the last 15 yrs. She did not like teaching so never got credentialed here. In Belarus English is taught from grade one, so she only had a slight accent. She traveled a great deal and had just come from 5 yrs. in Hawaii. She had also traveled and spent months in China, India and several other countries. She would pick up various jobs, bartending, secretarial work etc. She had a small van and often lived in that while on the road. One of her jobs was translating a Russian cookbook into English and she’d be sitting at the dining room table listening and writing. One morning she announced she was leaving the next day for San Francisco and she did. She is now in Oregon living and working on a 225 acre, spiritual property. She says it’s in the “middle of nowhere” and they host retreats offer internship programs etc. She does interviewing, paperwork, correspondence and paperwork.

I’ve loved my experience with the people I’ve met and look forward to having many more. This isn’t for everyone but it’s a neat way to meet new friends and share a meal and offer a couch or shower.

On June 14, 2019 we celebrated the 4 year anniversary of the Amargosa Senior Center

The opening of the brand new commodities distribution building.

After only 8 months of donations being received for the construction of the commodities building we opened the doors for the first commodities event. We now have an environmentally friendly place to distribute commodities.

We want to thank all of the many volunteers that support the Senior Center, Thrift Store, and now the Commodities Distribution Center. We couldn't do our work without you. You made this possible. We are also very grateful for all of the individuals and businesses that gave their generous donations for the building and for the contractors that provided quality materials, great expertise, and business professionalism. Thank you for working with us to make the June 14<sup>th</sup> opening possible.

An official Open House will be held in the near future to acknowledge those that took part and to show off the new building.
