- Community Involvement
- Environmental Protection
- Technology and Safety
- Construction and Operations

We look forward to answering your questions!

Balanced Rock Power develops solar and energy storage facilities that generate renewable power supporting America's growing need for clean, reliable, affordable energy. We believe in a development process that is honest, upfront and respectful—strong and trusted relationships with the communities, farmers, ranchers, owners and stewards of the land, cities, our customers and partners is the very foundation of our vision for renewable energy in America.

Will generate up to  
**350 MW**  
of electricity

Will generate enough clean energy  
to annually power

**~60,000**

homes

Project life span:

**40**

years from commercial operation date

Proposed to include up to

**2,155**

acres of land

Over

**400**

construction jobs will be created

Expected to be  
fully operational in
